

New Product Release

ACC6160CK Accessory Car Kit

17th November 2020

GME is proud to introduce the latest addition to our UHF CB Handheld accessory range, the ACC6160CK. This car kit is the ultimate addition to your GME handheld setup. GME has an extensive range of UHF CB Handheld Radios to meet a variety of needs. From 4WDing to construction sites, GME has a handheld to suit.

The ACC6160CK accessory car kit provides flexible and unique options such as in-car charging through a mounting cradle, magnetic holder and mounting bollard for quick access and a magnetic base antenna for external vehicle mounting. Designed to suit our current 5 watt TX6160 range plus the earlier TX6155 and TX6150 models.

The TX6160 range is ideal for users who demand the ultimate in handheld UHF CB communication, for both work and play. Featuring class-leading 5 Watt transmission power, an IP67 ingress-protection rating for outstanding performance and years of reliable use in the harshest Australian environments, up to 30 hours battery life, VOX hands-free mode, and a built-in LED torch.
